“The Sun Behind The Cloud”

We are dreamOle, a group of volunteers within the Spanish Salesforce Trailblazer Community. Our Mission is to put together a Community Conference that would help the Spanish Community to learn and network around Salesforce ecosystem.

dreamOlé is a great meeting point where everyone is welcome. We bring enthusiasm, inspiration and we promote Salesforce knowledge.

This is a not-for-profit event that we can only bring to you because of the generosity of our sponsors. The purpose is to bring us all together and to give everyone access to the best content available to help educate and provide value for everyone.
